

13 March 1967

MEMORANDUM FOR: Mr. Benjamin H. Read
Executive Secretary
Department of State

25X1 SUBJECT : [] Background Information: Cambodian
Visa Requirements

1. Attached for your information is a useful report on Cambodian visa requirements. We would want to double-check current validity before Y actually goes to Cambodia, but it looks as if Y could get permission to stay for one month (at least) if he showed up at the airport in Phnom Penh with a valid passport and vaccination certificate.

25X1 2. To be doubly certain, you might want to engender an official (Departmental) query to the [] Embassy in Phnom Penh asking them for a run-down on entrance (i. e., documentation) requirements and requesting that they keep the Department current on changes in these requirements. Given the number of bona fide US tourists who go to Cambodia (many of whom probably query the Department on this score), this is a perfectly kosher request which should not engender any suspicions.

George A. Carver, Jr.
Special Assistant for Vietnamese Affairs
